Re: Transit Pass Subsidy Increase

Dear Mr. Kelly:

As discussed yesterday, the County found that in the 2006-2011 Water Quality Unit Agreement between the County of Sacramento and the Stationary Engineers, Local 39, the transit pass subsidy remained at \$35 per month. Agreements reached with other bargaining units, on the other hand, included an increased subsidy of \$65 per month. The parties agree the transit subsidy shall be increased to \$65 per month for the Water Quality Unit effective July 1, 2006.

This Letter of Understanding will remain in effect through the end of the current agreement on June 30, 2011, and will be included in the successor agreement.

Sincerely,
